*Choose your path, and there's your truth, follow  
Carve an inch, and here comes the sorrow  
Everything you do never goes away  
Take a chance, and they will erase it  
Fight all you can, and they are complacent  
Nothing you do can make it all go away*

*They are in my head now  
Exposed, they tear my joy out  
Their shadow starts to cast out  
Inside I start to lash out*

*Tell me who I am  
I've done all I can  
Tell me why my life keeps getting  
Harder and harder and harder  
Tell me what to feel  
This shit can't be real  
Tell me why my life keeps getting  
Harder and harder and harder*

*Roll the dice, your number never comes up  
Pay the price, and still your life's fucked up  
Once again, this evil gets everything  
Run away, it's waiting when you get there  
Led astray, it's laughing 'cause it led you there  
Yet again, you can't make it go away*

*They are in my head now  
Exposed, they tear my joy out  
Their shadow starts to cast out  
Inside I start to lash out*

Tell me who I am  
I've done all I can  
Tell me why my life keeps getting  
Harder and harder and harder  
Tell me what to feel  
This shit can't be real  
Tell me why my life keeps getting  
Harder and harder and harder

Keep on coming for me  
Keep on coming for me  
Keep on coming for me  
Keep on coming for me  
Keep on coming for me  
Keep on coming for me  
Keep on coming for me  
Keep on coming for me

I can't deal  
Run away, run away now  
It's not real  
Come for me, come for me now  
I can't deal  
Run away, run away now  
It's not real  
Come for me, come for me now

Come back  
Let's go to sober up  
So you'll come back, I'm sober  
I can't wait to split this invisible cage  
Tell me, bitch, this time I can't fake it  
One shot, and fuck yes, I take it

*I'll miss 'cause you always run away  
They always get away*

*They are in my head now  
Exposed, they tear my joy out  
Their shadow starts to cast out  
Inside I start to lash out*

*Tell me who I am  
I've done all I can  
Tell me why my life keeps getting  
Harder and harder and harder  
Tell me what to feel  
This shit can't be real  
Tell me why my life keeps getting  
Harder and harder and harder*

*Tell me who I am (I am)  
I've done all I can (I can)  
Tell me what to feel (to feel)  
This shit can't be real (be real)  
Harder and harder and harder and harder...*
