

The End Begins

*Why did you leave me?
Why did you leave me?
Now they are free
And they are coming after me*

*Why did you leave me?
Why did you leave me?
Now they are free
And they are coming after me*

*Why, why did you leave me?
Why, why did you leave me?
Why? Now they are free
Why? And now they're coming after me*

*They're coming
They're coming
They're coming
They're coming*

Oh God, fuck
